

Career & Consulting Coach

We at Athari Learning will assist you in improving teaching and leadership strategies, offer techniques to better engage students, and strengthen lesson plans to ensure curriculum alignment and teacher-student success. These minor changes will lead to a better experience in the classroom for all.

Testimonial

It is a pleasure to have the opportunity to work on the same team as Dr. Keisha Gill-Jacob. Dr. Gill-Jacob is a true leader as she pours into her team by training and cross-training all the members of her team. She provides solutions and implements systems when and where needed. Keisha is an innovator with her instructional leadership by taking students to higher levels of learning. She has done this by bringing life into programs that were in need of resuscitation by changing the look and feel of classrooms. This is also apparent in the quality of teachers not only in newly hired teachers but, in the elevation of existing teachers by coaching and mentoring. Keisha is a leader that believes in her team and listens to them and their ideas and input. By being a part of Keisha's team, I have grown as a professional and as an individual. I am very fortunate to be on your team and thank you.
